

**It is now profitable to install
solar panels on rooftops**

Overview

The truth is that installing rooftop solar can add value to your home and deliver meaningful financial benefits year after year - cutting utility bills in the short-term and helping you get a substantial return on investment over the longer term - especially if you're ready to.

It is now profitable to install solar panels on rooftops

The 2025 Developer Survey is Now Live

We have finally made it to the big day - Stack Overflow's 15th annual Developer Survey is live! This community has been at the forefront of the latest and greatest technology trends since

datetime

Is there a PHP function that returns the date and time in the same format as the MySQL function NOW()? I know how to do it using date(), but I am asking if there is a function only for this. For

[Difference between System.DateTime.Now and System.DateTime.Today](#)

The DateTime.Now property returns the current date and time, for example 2011-07-01 10:09.45310. The DateTime.Today property returns the current date with the time components set to

[Rooftop Solar Can Still Pay Off: We Crunched the Numbers to Prove It](#)

The truth is that installing rooftop solar can add value to your home and deliver meaningful financial benefits year after year - cutting utility bills in the short-term and helping you get a

SQL Server equivalent of MySQL's NOW ()?

I'm a MySQL guy working on a SQL Server project, trying to get a datetime field to show the

Rooftop Solar Panels: Are They Worth It in 2026?

A solar installation with an average-sized backup battery can earn an additional \$6,700 (or more) in tax credits and rebates. California's solar incentives can

Filtering Sharepoint Lists on a "Now" or "Today"

I'm trying to find an effective method of filtering Sharepoint lists based on the age of an item. In other words, if I want to find list items that are 7 days old, I should be able to build a filter

Why is openjdk:21 now missing from

current time. In MySQL I'd use NOW() but it isn't accepting that. INSERT INTO timelog

search

The only date/time function I can find is Now() and searches relative to that, i.e. "-1d", "-4d" etc. The only problem with this is that Now () is time specific so there is no way of getting a particular day's created

[Complete Guide To Rooftop Solar Power: Costs, Benefits](#)

Everything you need to know about rooftop solar power in 2025. From costs and savings to installation and maintenance - your complete guide to home solar panels.

Docker Hub?

Apparently the OpenJDK distribution for Java 21 is missing from Docker Hub. What happened? I'm certain OpenJDK 21 images existed in these paths before, as I've checked other

[How to view SVG source code now, with latest January 2025 \(version\)](#)

Now vscode is displaying visible image for svg files, Like this screenshot from release notes. [vscode svg screenshot](#) However, how to view or even edit the source of svg?
