### **What is the 'new' keyword in JavaScript?**

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems

### **When to use "new" and when not to, in C++?**

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

### [Difference between 'new operator' and 'operator new'?](#)

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof

### **Push local Git repository to new remote including all branches and tags**

### [New site design and philosophy for Stack Overflow: Starting February](#)

Ah, but new experts will rise up and embrace the new, friendly Stack Overflow that they have always wanted. And maybe rediscover the same things the bitter, hateful old guard found.

### [Move the most recent commit \(s\) to a new branch with Git](#)

A graphical version manager where you would just add a tag for the new branch without dealing with what seems to me obscure and archaic syntax would be such a relief. My kingdom and

### [Unity: Conflict between new InputSystem and old EventSystem](#)

You probably tried to import a new input system package for multiple input devices compatibility. These type of errors are due to conflict between old and new input system packages

### **How does the new operator work in JavaScript?**

The new operator uses the internal [] method, and it basically does the following: Initializes a new native object Sets the internal [] of this object, pointing to the Function prototype

### **How to open link in a new tab in HTML?**

Note I previously suggested blank instead of \_blank because, if used, it'll open a new tab and then use the same tab if the link is clicked again. However, this is only because, as GolezTrol
