

Principle of solar power generation connected to communication base stations

Overview

The communication base station installs solar panels outdoors, and adds MPPT solar controllers and other equipment in the computer room. The power generated by solar energy is used by the DC load of the base station computer room, and the insufficient power is.

6 Common Hallucinations and What They Tell Us

Olfactory hallucinations (also called "phantosmia") occur when a person smells something that isn't there. Most of the time, the odors are nasty, like feces, smoke, vomit or urine.
