

Solar photovoltaic panels dismantling waste

Overview

When solar panels, which typically have a lifespan of more than 25 years, reach the end of their lives and become a waste stream, they must be managed safely. Find information here about different types of solar panels and how they are regulated at end of life.

Solar photovoltaic panels dismantling waste

Solar Energy

There are two main types of solar energy technologies-photovoltaics (PV) and concentrating solar-thermal power (CSP). On this page you'll find resources to learn what solar
