## Gourou Banda Solar Power Station

SummaryLocationOverviewDevelopersConstruction costs and fundingDevelopments

The Gourou Banda Solar Power Station is a 50 MW (67,000 hp) solar power plant under construction in Niger. This renewable energy infrastructure project is under development by an independent power producer (IPP), under the build-own-operate-transfer (BOOT) model, with support from the International Finance Corporation (IFC), a member of the World Bank Group, as part of the bank's "Scaling Solar" program. The solar farm, first conceived in 2018, as a 20 megawatts installation, was expanded to cap
