

The villa digs its own well to generate solar power

Overview

The county cut off my water with no warning - so I built a solar-powered well system to take control.

This house was designed to be entirely off-grid in any season, with its own systems for electricity, heating, and water collecting, including solar cells that are integrated into the glass

They Cut My Water - So I Built a DIY Solar Well

This DIY off-grid setup uses a solar panel and pump to draw water from a 50-foot deep well, and it's the first step toward full independence for the treehouse and entire property.
