

# Tire pressure gauge solar panel

The image shows a stack of six solar-powered tire pressure gauges. Each gauge is white with a black display screen and a black tire pressure gauge. The gauges are stacked vertically. In the background, there is a house with solar panels on the roof. The gauges are connected to a solar panel system.

**easy to install and use**

**World wide Products**

**faster charging and discharging**

**Multiple protection with alarm systems**

**Can save energy**

*the battery capacity can be increased freely and flexibly according to the situation of home use.*

*Rechargeable lithium batteries use safe LiFePO4*

## Overview

---

A TPMS will help you monitor the air pressure of each tire from inside the car. You can just mount it on your car dashboard for real-time data. The technology behind all TPMS is the same, but a solar-based model differs in that it works on the power from the built-in solar.
